EVENT PRODUCTION

LIGHTING

SOUND

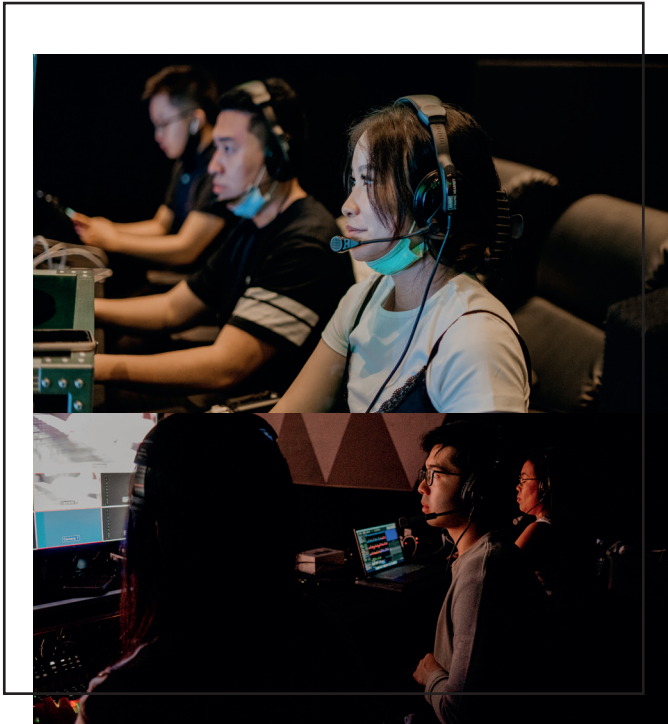

If you love organising, multi-tasking and planning, the events team is for you. The event team are the glue that keeps all the ministries together to run a seamless, distraction-free service so people can focus on Jesus.

This is your chance to shine bright - this crew operates the lighting equipment that contributes to the atmosphere of the service. No prior skill is required, just hands to help and a heart to learn.

Check one, two, three. Using the latest equipment, our sound team runs our live and broadcast audio, creating an experience that is music to our ears.

MULTIMEDIA

Our multimedia team controls everything that goes up on our screens, putting up visual content such as lyrics and slides from all the different ministries.

VIDEO & LIVE FEED

Lights, camera, action - that's the video production team all in one. They are responsible for all the video content we see in our in-person and online services. No prior skill is required, just a heart to learn.

PHOTOGRAPHY

The team behind the lens - makes everyone look good through the moments they capture. Their snapshots bring out our church's movement, life and colour, making sure every highlight goes down in history.

WORSHIP

From drums to guitars, to bass and vocals, if you are gifted and interested in music, there is always a spot for you in our worship team.

SOCIAL MEDIA

Connecting the church and the digital space, our social media team creates relevant and uplifting content, spreading the Good News beyond the four walls of the church.

CREATIVE DESIGN

If you ever wonder who comes up with all the interesting visual presentations, look no further. This slide you're seeing, along with all the beautiful collateral was put together by the graphic design team.

KIDS MINISTRY

Building the leaders of today - every week our Sunday Kids team creates a thriving and safe place for the next generation to grow their faith and find their purpose.

G-CREW

One smile goes a long way. They are the first happy face you see as you walk into church and they will usher people, not only to their seats but to their destinies. Our G-Crew manages the entire human traffic flow in our service.

TRANSPORTATION

Driving people closer to Jesus - the transport team organises and operates our church minibus every week, providing easy access for those who need it.
